

# British Heart Journal

Monthly journal of cardiology  
 published in association with  
 British Cardiac Society

|  |     |   |     |
|--|-----|---|-----|
| <p>trial: Theory and practice in prevention of<br/>                     arterial thrombosis <i>J R A Mitchell</i></p>  | 417 | <p>Persistence of ductus arteriosus with left to right<br/>                     shunt in the older patient <i>R M Marquis,<br/>                     H C Miller, R J M McCormack, M B Matthews,<br/>                     A H Kitchin</i></p>                       | 469 |
| <p>ventricular outflow tract obstruction<br/>                     existing with ventricular septal<br/>                     defect <i>D F Shore, J Smallhorn, J Stark,<br/>                     Lincoln, M R de Leval</i></p>  | 421 | <p>Tricuspid atresia: analysis of coronary artery<br/>                     distribution and ventricular morphology<br/> <i>J E Deanfield, G Tommasini, R H Anderson,<br/>                     F J Macartney</i></p>   | 485 |
| <p>Two dimensional echocardiographic<br/>                     assessment of aortic valve morphology:<br/>                     feasibility of bicuspid valve detection.<br/>                     Prospective study of 100 adult<br/>                     patients <i>M J Zerna, M Caccavano</i></p>   | 428 | <p>Effect of nicotine on production of prostacyclin<br/>                     in human umbilical artery <i>I Stoel,<br/>                     W J v d Giessen, E Zwolsman, F W A Verheugt,<br/>                     F ten Hoor, F J A Quadt, P G Hugenoltz</i></p>  | 493 |
| <p>Echocardiographic features of eosinophilic<br/>                     endomyocardial disease <i>J Davies,<br/>                     G Gibson, R Foale, K Heer, C J F Spry,<br/>                     M Oakley, J F Goodwin</i></p>  | 434 | <p>Removal of embolised catheters using flexible<br/>                     endoscopy forceps <i>T R D Shaw</i></p>   | 497 |
| <p>Phase analysis of the first pass radionuclide<br/>                     angiocardigram <i>S Walton, P J Ell,<br/>                     P H Jarritt, R H Swanton</i></p>   | 441 | <p>Case reports<br/>                     Herpes-like virus particles in myocardium of<br/>                     patient progressing to congestive<br/>                     cardiomyopathy <i>P J Lowry, C W Edwards,<br/>                     R E Nagle</i></p>    | 501 |
| <p>Localisation and direction of mitral regurgitant<br/>                     flow in mitral orifice studied with combined use<br/>                     of ultrasonic pulsed Doppler technique and two<br/>                     dimensional echocardiography <i>K Miyatake,<br/>                     Y Nimura, H Sakakibara, N Kinoshita,<br/>                     M Okamoto, S Nagata, K Kawazoe, T Fujita</i></p> | 449 | <p>Measurement of pulmonary artery pressure<br/>                     in cyanotic heart disease using selective<br/>                     coronary artery cannulation techniques<br/> <i>James C Dillon</i></p>   | 504 |
| <p>Alternating atrial electromechanical<br/>                     dissociation as contributing factor for pulsus<br/>                     alternans <i>F W A Verheugt, H Scheck,<br/>                     R S Meltzer, J Roelandt</i></p>   | 459 | <p>Calcified unruptured aneurysm of sinus of<br/>                     Valsalva with complete heart block and aortic<br/>                     regurgitation. Successful repair in one<br/>                     case <i>D Metras, A O Coulibaly, K Ouattara</i></p> | 507 |
| <p>Left and right ventricular trabecular patterns.<br/>                     Consequence of ventricular septation and valve<br/>                     development <i>A C G Wenink,<br/>                     A C Gittenberger-de Groot</i></p>  | 462 | <p>Right atrial myxoma and pulmonary<br/>                     embolism. Rational basis for investigation<br/>                     and treatment <i>D J M Keenan, P Morton,<br/>                     H O O'Kane</i></p>  | 510 |
